Dear Mr. Robinson:

On behalf of Commissioner Irvin, I would like to request information related to APS's existing generation assets. In particular, he would like the following information:

1. List of APS's generation plants and their locations;
2. The age of each plant;
3. Fuel source utilized in running each plant;
4. Each plant's maximum output;
5. Each plant's emissions;
6. The plant's primary use (i.e. RMR or other)
7. Whether any long term purchase power agreements exist, and if so, for how much of APS's output, for how long and for what period?

If you could provide our office with this information by 5:00 p.m., August 20, 2002, we would greatly appreciate it. Should you have any questions regarding this request, please do not hesitate to contact our office. Thank you.

Sincerely,
